Subject: Microsoft Settlement

To whom it may concern,

I am writing to you as an individual concerned about the illegal damage Microsoft has done and continues to do.

I object to the recent settlement between Microsoft, the Bush administration, and some of the states. Clearly the settlement lets Microsoft off the hook after so many justices consirmed that significant antitrust violations were made by Microsoft.

As a software developer, I want to see justice done, to restore a healthy software industry. Stronger actions must follow this conviction.

Sincerely,
Patrick Logan
